

## WAIVER OF LIABILITY

Princeton University has awarded me research funding based upon the academic merit of my proposed research. However, I understand that by providing me with funding Princeton University has not and will not be responsible for evaluating or taking steps to minimize any risks to me or my personal property which might be associated with my research, including those associated with travel to or residence in locations other than Princeton, New Jersey.

Therefore, in accepting the research funding, I specifically acknowledge that:

- (1) It is my obligation (not the University's) to reasonably investigate and prepare for my research by, among other things, asking the appropriate people the questions necessary for me to understand the nature of my research, the safest and most appropriate means of undertaking it (including travel, if any), and the risks (if any) involved in my research;
- (2) By providing the funding to me, Princeton University is not assuming any obligation to me whatsoever; and
- (3) In the event I suffer personal injury or property damage in connection with my research, I will not seek to hold Princeton University liable for such injury or damage due to its provision of funding to me.
- (4) If I am using these thesis funds for travel, I agree that I will abide by the University policies on student travel presented at <http://travel.princeton.edu/undergraduate-students/undergraduate-travel-policies> and will register my travel in the Travel Registration Database. **My signature below confirms that I have read this policy.**
